Case No. 5R012

CLARIFICATION OF CERTIFICATION

The Board of Labor Relations has considered the petition for clarification of an existing unit of exclusive recognition filed by the District of Columbia Director of Personnel on September 10, 1974. The Board has also considered the report of investigation of this matter by its Executive Director.

The Board finds that the previous appropriate unit for exclusive representation which existed prior to the transfer of the agency from the Federal Government to the District Government is substantially the same as the unit to be clarified. Furthermore, the Board finds that the method for determining the majority status of the labor organization at the time of the grant of exclusive recognition was consistent with the applicable labor relations order and regulations presently in effect for the District Government.

WHEREFORE, The Board, hereby, does clarify the recognition granted on January 29, 1968 by certifying and granting to Local 2725, American Federation of Government Employees, AFL-CIO, exclusive recognition for a unit of:

All employees, including professionals, of the District of Columbia Redevelopment Land Agency, excluding management executives, guards, confidential employees, supervisors, or any employee engaged in personnel work other than a purely clerical capacity, or temporary employees appointed for less than ninety days.

This recognition shall be considered effective as of July 1, 1974.

BY ORDER OF THE BOARD

5 December 1974

Bruce I. Waxman
Executive Director
